

MS Costa Marina
23rd of May 2005

To whom it may concern

I hereby confirm, that the CONCORDE BAND has worked as a trio on board the MS Costa Marina from 23rd April to 29th August 2005. Andreas Varkonyi, Bernadette Rott and Gergely Kovacs have performed their duties with diligence and enthusiasm, always willing to support our team and searching for the best repertoire to entertain our guests. The MS Costa Marina is an old-fashioned cruise ship, carrying a maximum of 890 guests, mainly operating for the German speaking market. Concorde Trio has easily adapted to our different age groups and was a great support for our animation team during several theme evenings. Therefore I would not hesitate to recommend the Concorde Trio and I am looking forward to welcome them back in my cast anytime.

Sincerely

Beatrice von Engelmann
